RE: Report for The The Larry Ball (owner) property located at 5260 Quaker Rd., Cross Roads
Twp., Wilson County, (Parcel PIN 3700-06-4046.000; 1.06-acres; Camelot Residential
Subdivision, Lot 9, Section 4)

On June 5, 2017, the On-Site Water Protection Branch (OSWP) visited the above referenced site to determine soil and site suitability for an on-site wastewater system.

The application for an Improvement Permit (IP) submitted on April 21, 2017, by Larry Ball, property owner, proposes a place of residence- a single-family dwelling unit to contain two (2) bedrooms with a maximum of four (4) occupants (240-gallons per day; domestic strength wastewater characteristics). The property and dwelling unit is to be served or connected to a public water supply source (municipal county/city water).

The property was evaluated in accordance with the North Carolina Laws and Rules for Sewage Treatment and Disposal Systems, 15A NCAC 18A .1900 with hand auger borings. Attached to this report (10-pages) is supporting documentation with a proposed initial/active and a repair/reserve wastewater system to serve a two (2) bedroom dwelling unit with a maximum of four (4) occupants (240-gpd.). **This proposal is provided in accordance with 15A NCAC 18A .1900 regulations and is based on the soil and site conditions evaluated on June 5, 2017. Alterations, modifications, and/or disturbance to the site, other than those listed in this report that are necessary to install the wastewater system shall render this proposal void.** Please share this document with the applicant/property owner.

If you have any questions regarding the information presented in this report, please do not hesitate to contact me at 910-226-4010.
